

LUMI-PRO[®]

SKIN BOOSTER

LUMI-PRO[®]

INTRODUCING LUMI-PRO

LUMI-PRO is a cutting-edge skin booster revolutionising cosmetic treatments with its advanced formulation featuring an impressive **120mg of Hyaluronic Acid per triple pack**, that's **40mg of Hyaluronic Acid per 2ml!**

Designed by UK Skin Tech Innovation, LUMI-PRO delivers unparalleled hydration and rejuvenation.

Hyaluronic acid, renowned for its ability to retain moisture, works synergistically with this potent formula to promote a radiant and youthful complexion by **enhancing skin elasticity**, **diminishing fine lines**, and restoring a natural, healthy glow.

TREATMENT AREAS

LUMI-PRO

Our Premium **SKIN BOOSTER**

• Luer Slip syringe

Creates a safe and secure connection. Prevents cross-contamination and reduces the risk of needle disconnection.

• Secure Plunger

This prevents cross-contamination, leakage and ensures that the product is administered in a quantitative manner.

• Comfortable Grip

Ensures ease and safety throughout administering the treatment.

• Wider Surface Area

Our plunger flange has a wider surface area to further ensure a steady treatment.
