01

 Excellent Performance

Exoblanc *Spicule Cream*

Spicule refers to **tiny**, needle-shaped elements used to boost the effectiveness of skincare products by enhancing product absorption, stimulating collagen production, promoting cell regeneration, and improving skin texture.

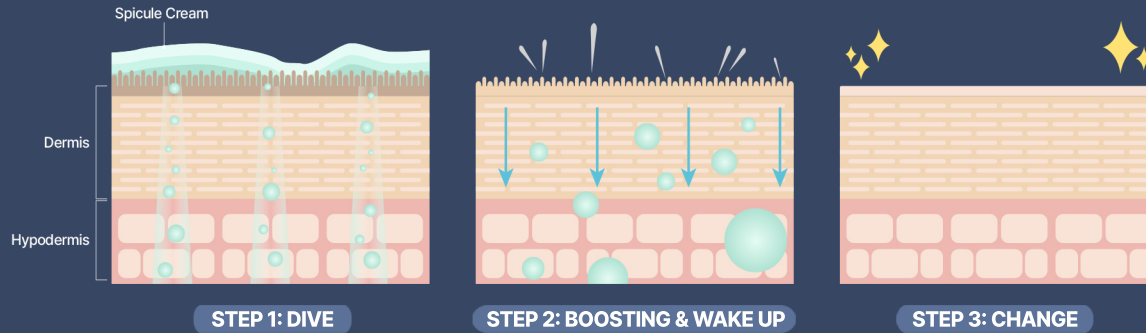

What's inside?

- Hydrolyzed Sponge(6000ppm)
 - CICA
- Madecassoside
 - Niacinamide
 - Sodium DNA
- Lactobacillus Extracellular Vesicles
- Rosa Damascena Callus Extracellular Vesicles
 - NAD(NMN)
 - Vitamin E
 - Adenosine
- Plant-extract

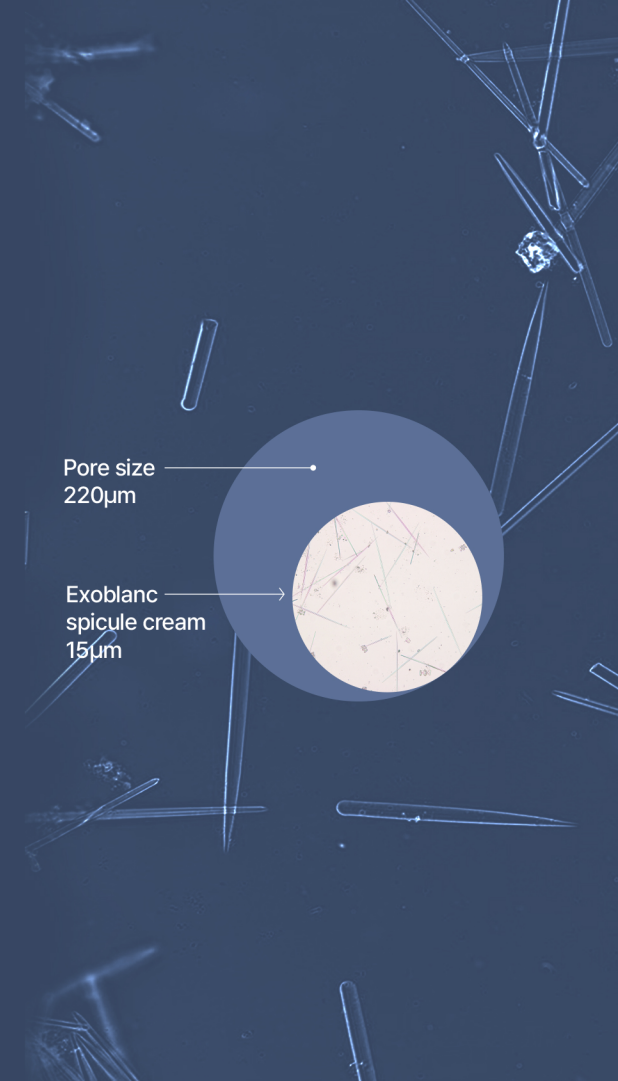

03

Key ingredient

Hydrolyzed Sponge(6000ppm) = Spicule

- Source: It originates from marine sponges, which are aquatic animals known for their porous structure.
- Hydrolysis Process: The sponge material is chemically or enzymatically treated with water (hydrolyzed) to break it down into smaller, more manageable components.

04

Spicule Solutions

- **Multi-function**

Regeneration, Anti-Inflammation, Brightening, Moisturizing, Anti-aging

- **Regeneration**

Sodium DNA

- **Anti-Inflammation**

CICA, Madecassoside Lactobacillus Extracellular Vesicles,
Rosa Damascena Callus Extracellular Vesicles

- **Brightening**

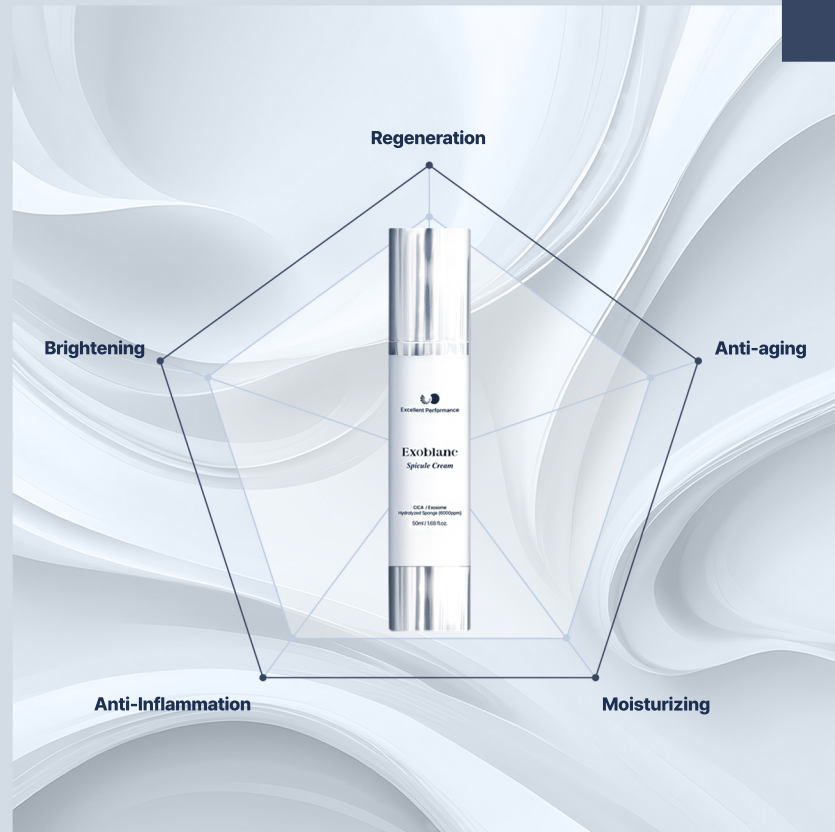

NAD(NMN), Niacinamide, Vitamin E

- **Moisturizing**

Plant-extract

- **Anti-aging**

Adenosine

05

Effect & benefits

Boosts Ingredient Absorption

Helps improve the absorption of active ingredients in skincare.

Enhances Pore Care and Elasticity

Aids in pore care, which can enhance skin elasticity.

Supports skin regeneration.

The stimulation from spicule encourages the skin to regenerate.

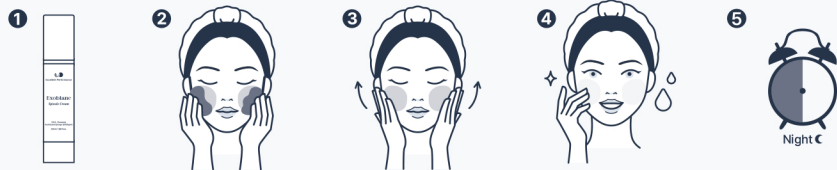

Improves Texture by Exfoliating

Helps remove dead skin cells to improve skin texture.

How to use

1. Use it as the first step in your skincare routine with the starter product.
2. Apply an appropriate amount evenly to all areas of your face.
3. Gently apply the product on your skin and lightly press with your palms to help absorption.
4. Finish with your usual essence, moisturizer, or any hydrating skincare product.
5. This product is for nighttime use, so apply it during your evening skincare routine.

Precautions

**The usage frequency varies depending on the concentration.
For Exoblanc Spicule Cream, it is recommended to use once a week.**

- Perform a patch test by applying a small amount to sensitive areas such as the inside of your arm, under your chin, or behind your earlobes to check for skin irritation or allergic reactions.
- The product contains needle-like spicule ingredients, which may cause a tingling sensation upon application. This reaction is normal as the needle creates tiny punctures in the skin.
- If you have viral infections like herpes, use the product only after full recovery and healing.
- Avoid applying near the sensitive eye area and apply cautiously.
- Do not use in conjunction with devices that may irritate the skin or after dermatological treatments.
